Our mission is to support businesses looking to establish a successful Payment Strategy by delivering reliable, cost-effective, and scalable solutions. Our competitive edge in the market: a global team of highly skilled professionals who are well-versed in the nuances of the Payments Industry.

CubeMatch's Payments Practice covers the following areas:

PAYMENTS PROGRAMME / PROJECT SUPPORT

E2E PAYMENT'S ENGINES DEPLOYMENTS

PAYMENT'S ENGINES UPGRADE SERVICES

GOVERNANCE AND ASSURANCE

PAYMENT'S REGULATION SUPPORT SERVICE

CAPABILITIES & EXPERTISE

PAYMENTS PROGRAMME/ PROJECT SUPPORT

CubeMatch provides highly experienced Payments resources to support clients varying Payment's requirements. This service spans from addressing specific resourcing needs through to End-to-End delivery of Payments projects.

E2E PAYMENT'S ENGINES DEPLOYMENTS

E2E Payment's engines deployments ensuring they correctly support the needs of your business, while enabling scalable growth:

- Management of the E2E Payments engine implementation.
 - Migration from old to new Payments engines.
 - Integration of legacy systems into Payments engines.

PAYMENT'S ENGINES UPGRADE SERVICES

CubeMatch can help identify when, in your Payments programme roadmap, is the optimum time to upgrade and take care of your full implementation, from programme management to data migration.

GOVERNANCE AND ASSURANCE

CubeMatch also supports clients by acting independently on their behalf to ensure value realisation and best-practice partner management; ensuring client requirements are being exceeded in an efficient and cost-effective manner with minimal business disruption.

PAYMENT'S REGULATION SUPPORT SERVICE

CubeMatch also provides specialist Payment's support services for all regulatory matters and requirements.

- Regulation interpretation expertise to clearly define impacts.
 - Manage the delivery of the required updates.
- Maintain consistent updates across old and new Payments engines.

CAPABILITIES & EXPERTISE

Our consultants have a minimum of 10+ years Payment's experience and are well equipped to assure and accelerate your Payments delivery in a cost-effective manner. We specialise in providing high-quality Payments resources with extensive experience in the following areas:

- *Programme / Project Management*
- *Business Design / Analysis*
- *Solution Architecture*
- *Quality Assurance (All levels)*
- *Deployment Management*

Payments Projects Examples:

Project: Payments Engine Implementation

- CubeMatch supported the delivery of a complex, large-scale phased migration of all consumer Payments traffic from in house developed systems to a proven state of the art Payments engine.
- Managed the phased E2E delivery from design, change management through to testing, deployment and go-live support.
- Provided expert knowledge / key insights to the vendor to enhance the engine specifically for SEPA flows and requirements.
- Produced the non-functional requirements that drove the configuration of the system factoring in scalability and readiness for instant Payments.

Project: SEPA Direct Membership

- CubeMatch provided a range of delivery, business and SEPA specialists to support the delivery of the move from SEPA Indirect participation to SEPA direct participation.
- Skilled SEPA SMEs defined the scope, gathered requirements (functional and non-functional), designed the solution, completed a full gap analysis, cost benefit analysis and solution review.
- Full review of all EBA reconciliation files and drove out reconciliation solution and management of new changes.
- E2E delivery from design, change management through to testing, deployment and go-live support.
- Developed the Technical Operations Manual and provided very strong KT sessions across all impacted teams.

Project: PSD2

- CubeMatch provided a range of delivery, business and technology specialists to support delivery of the PSD2 Payments Programme.
- The PSD2 Programme encompasses a significant digital and technology uplift involving important change across the business.
- CubeMatch worked seamlessly with the client stakeholders and staff, providing expertise and leadership to develop a robust programme and meeting the original milestone plans.

Project: Other Payments initiatives supported

- Annual Impact Assessment for rulebook / EBA changes for both SCT and SDD – producing requirements for all impacted systems.
- Business Payments to GPP-SP – migration of Business bulk files and Single shot processing from legacy systems to GPP-SP.
